Lausanne - 4 December 2009

The Tournament of Nimes, to be held from 22-24 January 2010, promises to be an exceptional event. The tournament is already sold out with 1230 registered archers from 25 countries. Is it the effect of the Indoor World Archery Challenge?

This 13th edition of the Tournament of Nimes, along with the Tournament of Las Vegas from 19-21 February, serves as qualifier for the Indoor World Archery Challenge. The best senior archers taking part in **both** tournaments will shoot the finals on 20 February in Las Vegas.

Archers coming from the following countries have registered for Nimes: Andorra, Austria, Belgium, Estonia, Finland, France, Germany, Great Britain, Ireland, Italy, Japan, Lithuania, Luxembourg, Monaco, the Netherlands, Slovakia, Slovenia, Spain, Sweden, Switzerland, the United States, among others!

Hotels in the city of Nimes will soon be sold out, too. More information is available on the official website of the organisers, www.arcclubdenimes.com.
